

CALL FOR PAPERS

ICOC 2019
Jun 11-12, 2019
Copenhagen, Denmark

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICOC 2019 : 21th International Conference on Organic Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Organic Chemistry
Theoretical organic
Classification of organic
Properties of organic
Organic reactions
Organic synthesis /
Natural products and
Organometallic chemistry
Organic photochemistry
Organic geochemistry
Solid-state organic
Physical organic
Bioorganic and medicinal

Macromolecular chemistry
Structure and mechanism
Metal, organic and enzyme
Organic chemical
Applied organic chemistry
Novel organic materials
Organic surfaces and
Organic materials for
Interfaces in organic
Spintronics in organic
Requirements and
Organic sensors, towards
Interaction of organic
