

# CALL FOR PAPERS

**ICOC 2019**  
**Jun 11-12, 2019**  
**Copenhagen, Denmark**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICOC 2019 : 21th International Conference on Organic Chemistry is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Organic Chemistry. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Organic Chemistry  
Theoretical organic  
Classification of organic  
Properties of organic  
Organic reactions  
Organic synthesis /  
Natural products and  
Organometallic chemistry  
Organic photochemistry  
Organic geochemistry  
Solid-state organic  
Physical organic  
Bioorganic and medicinal

Macromolecular chemistry  
Structure and mechanism  
Metal, organic and enzyme  
Organic chemical  
Applied organic chemistry  
Novel organic materials  
Organic surfaces and  
Organic materials for  
Interfaces in organic  
Spintronics in organic  
Requirements and  
Organic sensors, towards  
Interaction of organic
