

CALL FOR PAPERS

ICANCB 2019
Nov 07-08, 2019
Istanbul, Turkey

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICANCB 2019 : International Conference on Advanced Neuroengineering and Cardiovascular Biomechanics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Advanced Neuroengineering and Cardiovascular Biomechanics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Biomedical devices
Biomedical engineering
Biofluid mechanics
Bioinformatics
Biomaterials and biomechatronics
Biomedical devices and biomems
Biophotonics and biosensors
Brain-Computer interfaces
Cardiovascular biomechanics
Computational biology
Computer aided and automated diagnosis
Drug design
Functional imaging

Gait and posture analysis
Gene networks
Health monitoring devices
Medical imaging and image processing
Molecular sequence analysis
Nanotechnology For biomedical applications
Neuroengineering
Neuroimaging
Pattern analysis for biomedical applications
Robotics
Sensors and instrumentation
Telehealth
Telemedicine
