

CALL FOR PAPERS

ICCAGDG 2027
Jan 23-24, 2027
Paris, France

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

The ICCAGDG 2027 : 29th International Conference on Computer Aided Geometric Design and Graphics is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Resource Conservation and Restoration Ecology. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Electronics engineering
3D semiconductor device
Computer animation,
Adaptive signal
Advanced electromagnetics
Computer network and
Software engineering
Mobile computing
Mobile robotics
Artificial intelligence

Component technology of
Computer aided geometric
Computer engineering
Algorithms
Automated software
Computer aided design
Computer architecture
Computer modelling
Data encryption
